Introduction

My name is Arfon Jones. I am the Police and Crime Commissioner for North Wales.

I am responsible for the work of the Police in North Wales.

I want to know what you think about the work of the Police in your area.

Please tell me what you think by answering the questions in this survey.

Your answers will help me to make sure the Police are focussing on the right things.

Please let me have your answers by Friday, 15 January 2021.

My priorities

In 2019 I said that my main **priority** was to stop criminals from taking advantage of **vulnerable** people.

A **priority** is the most important thing that should be done first.

A **vulnerable** person is someone who needs some support to stay safe.

My other priorities are:

- People who are being abused at home by someone in their family

- People who are being hurt in a sexual way

- People who are being forced to work as a slave - for no money

- Crime that is being carried out by gangs

- Police looking after local neighbourhoods

Question 5: Do you pay **Council Tax** or **Business Rates**?

Council Tax is money that people pay to their local council for services where they live.

Services include the police and other things like collecting rubbish and fixing roads.

Business Rates are taxes that businesses pay to their local council.

Council Tax

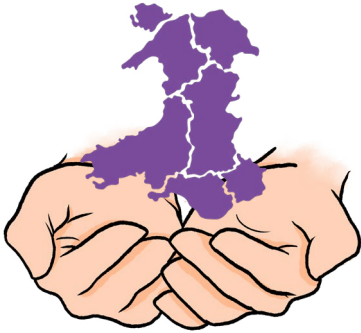

Business Rates

Neither of these

Paying for the future

We want to make North Wales the safest place in the UK.

We want to:

- Prevent crime

- Protect communities

- Look for people who have broken the law

We will do this by:

- Preventing harm in our communities

- Using new ways to work with computers, cameras and phones

- Helping our officers and staff to work well

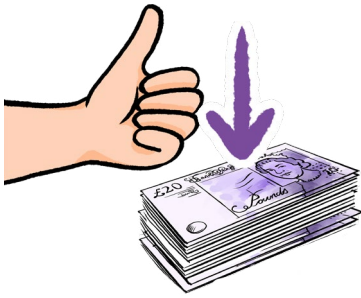

Spending money in a better way

To do this work we will need the right amount of money.

I have been looking at how to spend our money in a better way.

All our senior officers have been looking at how they can work well with less money.

The money we get to run the Police comes from:

- The Government and
- Council Tax

This is not enough money to pay for all the things we need.

I don't know how much money we will get from the Government next year.

We could get more money to spend if there was an increase to Council Tax.

Question 6a: If there was an increase to Council Tax, which of these options would you prefer?

- a. £10 a year increase, or 19 pence a week. This would mean a cut to our services
- b. £12 a year increase, or 23 pence a week. This would mean we have less to spend
- c. £12.64 a year increase, or 24 pence a week. This means we would be able to keep up with rising prices
- d. £13.46 a year increase or 26 pence a week. This would mean we could get better at preventing crime
- e. £14.02 a year increase or 27 pence a week. This would mean we would be able to improve services
- f. More than £14.02 a year. This would mean we would be able to improve services even more

Question 6b: If you chose option f. what area of Policing would you like us to focus on?

- Violence against people at home
- Sexual violence
- Forcing people to work for no money against their will
- Very serious criminals
- Being safe in your community
- Making sure people drive safely
- Crimes against people because of their race, religion, disability or because they are gay or trans
- Criminals that cheat people out of money
- People taking illegal drugs
- Helping people to do something useful rather than be a criminal
- Helping people who have suffered from a crime
- Crime in country areas
- Serious violence

Question 7: Which county do you live in?

- Anglesey
- Gwynedd
- Conwy
- Denbighshire
- Flintshire
- Wrexham

Question 8: How did you hear about this survey?

- At a meeting
